TANTRAYA HABIT TRACKER

30-Day Lucidity Tracker

Each day, mark **RC** if you performed ten or more genuine reality checks, **Journal** if you recorded a dream on waking, and shade the star if you achieved lucidity. Consistency across all thirty days, not perfection on any single day, is what builds the skill.

Keep Going A lucid dream can arrive on day two or day twenty-nine. What matters is that the reality-check habit and the journaling habit stay unbroken, the tracker exists to protect the streak, not to judge the outcome.
